FRIDAY DECEMBER 11, 1942

NUMBER 33

Canadian Aid To Russia -- Committee Organized

December 7th, 1942

NEWS NOTES

Open letter to the Local Business Establishments, all Service Clubs and Citizens of Raymond and District.

Dear Friend:

No doubt you are aware of the fact that in response to widely growing public demand throughout Canada for a greater help to Russia, the Central Committee of Canadian Aid to Russia was recently organized in Toronto.

The objective is to raise a minimum of \$1,000,000 to be spent for Medical Supplies, Clothing, Food Stuff, etc. for Russia and her war victims.

Needs to alleviate the sufferings of the Russian people—our gallant allies in his war are urgent.

We are sure that you will be pleased to know that on December 4th an organization meeting was held in Raymond, representatives being present from Service Clubs, Board of Trade, Hungarians, Vets, and other interested parties. As a result a Local Committee was appointed with the instructions to proceed at once with the work of soliciting your subscriptions to assist in the drive.

Remember Xmas is close at hand so let us help to relieve the sufferings of those in need. This is one of the best roads to VICTORY.

Your Raymond Committee

J. Landysheff, Chairman

R. Pack, Secretary

R. J. Wells, Treasurer

The above letter is self-explanatory as is its aims and objects. We just want to add here that the Town has been divided into sections, the two Service Clubs taking one corner each, the Vets one and the Board of Trade one. This appeal and canvass will be made during the next week or ten days, and on behalf of the canvassers we solicit your support for the people of Russia, who with their never-say-quit attitude and their sacrifices, aided in making the world safe for democracy. Ed.

NEWS NOTES

Carl Ash of Wrentham has volunteered for service in the Armed Forces and is stationed at Calgary for his basic training.

Jessie Christian Peterson is a recent enlistment in the Canadian Active Army having joined up at Calgary this week. Previous to his enlistment he was assisting on the farm.

The Sunday Schools had the Sunday evening program and presented a very interesting program of singing stories and talks. A large audience was present.

Despite the cold weather, work is going ahead on the dam in the Hancock Coulee for a new Town reservoir. The Alberta Construction Co. is moving the dirt.

Messrs Pearson and Ikle are at the local Salvage Shop on pile cutting and loading. They are also inspectors for Wartime Salvage. Farmers, is your Salvage in? It should be.

Mr. and Mrs. Vee Keith were Lethbridge visitors last Saturday.

Only 11 shopping days till Christmas. Don't delay any longer. Delay will surely mean disappointment in many things.

V. L. Phillips who has been working in Lethbridge for the past couple of months is at home for a few days while cold weather is holding up construction work.

The winners for the Farm Hill Women's raffle were:

Mrs. Verland Leavitt, 2nd, turkey, George Rolph, 3rd cushion, Effie Betts. These three lucky tickets were drawn for at the Welling Mutual Tuesday last by Bishop Wilde.

At Rotary on Monday a panel discussion was had on 'Freedom'. T. Geo. Wood, Frank Taylor, D. M. Holladay and Lee Brewerton spoke on the four topics and the entire Club joined in the discussion. This is the first of a series of six such discussions to be held.

Raymond boasts a very Patriotic Mother, she is the mother of four small kiddies, and has done some very remarkable Red Cross work for 1942 besides taking care of her children and keeping her home together. She has pieced 26 quilt tops and finished several; done countless Red Cross sewing and knitting.

BRAIN'S NEW CHIEF OF STAFF, MIDDLE EAST, JOINED THE ARMY AT 17 DURING 1914-18 WAR

Major General Richard Loudon McCreary, DSO., MBE., MC., newly appointed Chief of General Staff, Middle East, joined the 12th Lancers in 1915 when he was only 17 years old. 4 months later he was in the thick of the fighting on the Western Front. He was wounded and won the Military Cross. His regiment was one of the earliest to be mechanised. Between wars he passed through Staff College and held staff appointments. 1939 found him a Colonel. He went to France with his division and fought through the Dunkirk campaign winning the D.S.O. On his return he became acting Major General in command of an Armoured Division. Since the spring of 1942 he has been Adviser on Armoured Fighting Vehicles at G.H.Q. Middle East.

Beet Pay Out This Week

Cheques went into the mails Monday for the remainder of the initial payment on 1942 beets and amounted to nearly half a million dollars. This was for beets delivered after October 20th, which was the cut off date when the nearly two million dollars went into the mails.

Total deliveries of beets this year have reached the all time high of 341,627 tons, with the odd few loads yet to be delivered. The tonnage per acre this year was lower than should have been due to the cool summer which retarded the development of the beets, and has resulted in small beets of woody tough texture. The average tonnage for the planted acre-

age of the entire district was 12.4, but over the Raymond district where the season seemed most backward of all the average would not have reached this figure.

At the local factory a good steady slice of around 1,315 tons per day is being maintained, while Picture Butte runs about 200 tons more per day. At this rate the slicing of the crop will be completed about the middle of January, which will have made almost a four month run. Sugar sales are becoming stabilized now, and for the past two weeks two crews have worked in the sugar room bagging to keep up with the shipments of current orders and to fill the warehouse.

LIONS CLUB MEETING

The Raymond Lions met at the Sugar Bowl on Monday December 7 at 7:30 p.m. The meeting opened in the usual manner. Lion Myron Holmes offered the prayer, and there were 27 members present.

A number of Autographed Xmas cards from children of the Waifs and Strays Society of England were passed around to the members. These children have been adopted by the Raymond Lions Club.

Lion M. T. King gave a report on the Carnival which was very favorable and he thanked the members for their support.

Lion Renon Pack reported that \$200 had been set as a sum of money for the people of Raymond to raise for the Aid to Russia Fund. Pres. Moreland appointed a committee to represent the Lions Club to help raise the above amount.

The Club decided to donate \$25.00 to the British Lion War Memorial Fund.

Mr. Palmer the Optometrist at Ashdown-Marshall in Lethbridge had made 2 visits to Raymond to finish the examination of the school children's eyes. Several pairs of glasses were purchased by the Club for the children that needed them.

Lion Joe McLean announced that arrangements had been made to hold the Raymond Lions Party night at the 2nd Ward Hall on Monday December 14.

The Club made arrangements to have a copy of the Lions Magazine placed in the Raymond Library.

On recommendation by Lion R. Pack it was decided to appoint a committee to arrange a Junior Hockey League in the town. Lions J. Zobel and Wm. Jensen were named as this committee and to see what the Club could do to help with the expenses of the rink.

Community singing was enjoyed by the members.

Lion J. Weaver then asked Sec. Rolfsen to say a few words about the Local Air Cadets. Mr. Rolfsen praised the Local Group very highly.

The meeting closed by singing "God Save the King."

The Lions wish to thank the community for their splendid support of the Carnival, the profits of which will be divided between the Opera House and the Skating Rink.

ASSIST YOUR POSTMASTER

These are the days of heavy Christmas mailing, and we can all help our local Post Office to handle more with less work if we assist a little.

When we have three or more letters or post cards to mail, if we would put all the stamps the same way and then tie them with a string or slip a rubber band around them, it would save a great deal of time in cancelling stamps and would ensure mail being put out in better condition.

Then another thing we could do is to MAIL EARLY. We are prone to delay our mailing until we think there will just be time for our remembrances to reach their objective at Xmas time. This is nice in one way, but it is bad business in another. If we would allow a few spare days, it would be a real break for the Postal staffs of the nation and we would be assisting in the war effort. This year especially extra help cannot be had, so if you haven't done it before start now and make your slogan this year MAIL EARLY.

NEWS NOTES

T. K. Roberts was in Claresholm on Monday on a business trip.

Ralph Richardson, who is stationed at Calgary is home on a two weeks leave.

Private Czech is home on a two weeks leave from the Army camp at Winnipeg, Man.

S. J. Donaldson has been on the sick list the past week with a case of flu. He is feeling better now.

Mrs. Paul Fairbanks has been added to the staff of the Bank of Montreal here, commencing work the first of this week.

Miss Ha Hicks is at home from her work in Washington, D.C. for a month's visit with her mother, sisters and friends. She is feeling fine & is greatly enjoying her work.

After two weeks and a half of zero and sub-zero weather, during which time we have had little sun and no warm waves, the mercury lifted the middle of the week, and the west breeze warmed up a little. A long sustained cold spell like this is quite unusual for this early in the winter.

M. D. No. 137 In Regular Session

NEW SCHOOL SCHEDULE

Barring inconveniences in the times tables of some homes the schedules for Raymond's schools are working out alright. Both schools open at 9:30 a.m. the High School dismissing at 12:15 and Public School at 12:20 for the noon hour. Both opening again at 1:30 and close at 4 p.m. Recess periods have been shortened so the actual class time is about the same. This arrangement will continue until the end of February.

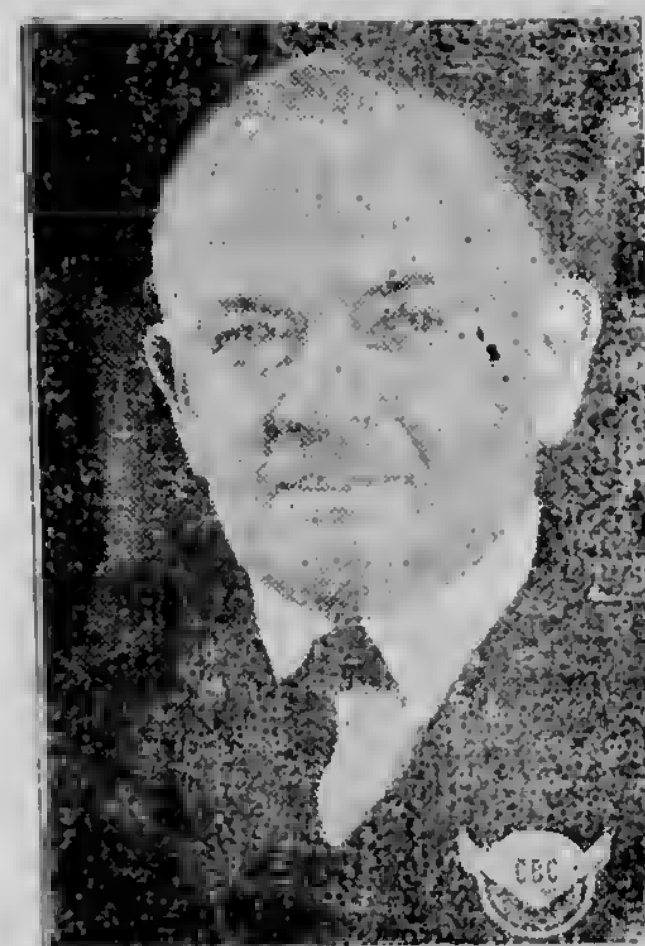

Talking with the Principal of the Public School he said that their punctuality was just as good under the new schedule as the old and surprised us when he told us that out of an enrollment of 550 they had only one late per day. That sounds like good co-operation all around to us.

CHRISTMAS DANCES

The recently appointed Opera House Committee, charged with the alteration and improvement of the building to make it a social centre have scheduled four dances for the festive season on the following dates: Xmas night, December 25; Monday night, December 28th; Thursday night, December 31st; Friday night, January 1st, 1943.

Good orchestras have been engaged for each of these dances, and in view of the purpose in mind and the ultimate benefit it will be to all of us, it is hoped that in planning their Yuletide parties and entertainments people will keep this in mind.

MAJOR W. E. CLAESBOLD MURRAY

Director General of Broadcasting for the Canadian Broadcasting Corporation. His headquarters are now in Toronto.

M MEN AND GLEANER BANQUET

A very enjoyable M Men and Gleaner Banquet and dance for the Raymond 2nd Ward group was held in the social hall Tuesday evening last. The girls had the hall beautifully decorated for the occasion.

After a lovely supper, the following program was carried out: Toasts by Vivian Scoville and Junior Fairbanks, solo by Jeannine Wilde, Musical Monologue by Monte Palmer, Accordion Solo by Junior Fairbanks, and talks to the group by Mrs. J. H. Walker and Mrs. Honnie Nalder.

The remainder of the evening was spent in dancing and a most enjoyable time was had.

The regular meeting of the M. D. of Sugar City, No 137 was held at the Municipal Office Tuesday of this week with all Councilmen present. Reeve Matson and Councilman Andrew Peterson had represented Sugar City at the recent Convention in Calgary, and reported at some length on the proceedings. The question of larger Municipal Districts was discussed at the convention and in every case representatives from smaller districts were definitely opposed to consolidations, the only ones in favor of larger areas being the Municipal Minister and his aides and the representatives from the larger districts who were present and who reported satisfactorily on the big unit as far as it had been tried out.

R. S. Thompson and Wm. Matson were present as a delegation from Improvement District 38, which lies west of the present boundary of 137 and east of St. Mary's River. They had a petition from residents of this territory asking for inclusion in Sugar City M.D., and the Council voted unanimously in favor of it, pending of course the approval of the Department of Municipal Affairs.

The road from Magrath south to the International Board is still being improved. There has been a good heavy coat of gravel put on the coulees on this road to make it passable at all times, and donations have been received by the Council from various interested parties to the extent of slightly over \$1,400.00 all of which has been, or will be used, in connection with help from the Provincial Department to further improve this road, which when completely gravelled will make an all weather road through a district serving a large population, which so far have really had a travel problem so far as roads are concerned.

The pay roll was passed and ordered paid.

Buy War Savings Certificates.

Y. T. SHORTS

The new time saving device went into effect last Monday night and it certainly improved the Raymond class Fundamentals for the ladies start at 7—and the ladies were there! The ladies were all finished so they could start the folk dancing at 8. Some of the girls stayed to play the volleyball game with the men.

The ladies fundamentals are improving and so are their figures.

The men had a good class on Monday. There were enough basketball teams. One of the there to make two complete wives of the men is wondering whether she should use the extra cloth in trousers and coat or if she should save it, just in case he starts to "grow" again.

The Welling center will have their big party next Wednesday at the regular time. There will be games, exercises, tumbling, dancing etc. There are some real tumblers at Welling, it will be a treat just to see how easy they can do these difficult stunts.

Handicraft is coming along fine. Everybody must be making lots of money. They are all making purses large enough to hold thousands of dollars.

See you Wednesday.

EDITORIAL FROM THE NEW
YORK TIMES NOV. 22, 1942
TURN OF THE TIDE

Out of the past month, even
out of the past two weeks, has
come one of the most astounding
reversals in all military
history. Indeed, it is more than
a military reversal. The victor-

ies of the United Nations in
Egypt and in French North Af-
rica, the terrific blow which
our Navy has inflicted upon
the Japanese in the Solomon
Islands waters, have echoed in
people's hearts and minds a-
round the world. They have
brought to a standstill those
calculating statesmen who
made their bets on an Axis tri-
umph. Self-interest alone will
bring into the camp of the Un-
ited Nations many who hither-
to have stood aloof. They will
be welcomed—with proper pre-
cautions. We can reach an un-
derstanding with our fair-weather
friends. They are a part of
the world in which we must
live, just as our beaten enemies
will some time be.

We have a right to be hope-
ful. But our hopefulness must

not betray us into any slacken-
ing of effort. Our fighting
aces will not let down. They
know that the enemy is still
formidable, still capable of mak-
ing destructive use of any lack
of vigilance, any failure in sup-
ply. We know that ship for
ship, gun for gun, tank for
tank, plane for plane, man for
man, we hold the advantage. It
is for the civilian population,
those who work in war industr-
ies, those who must pay taxes,
buy war bonds and go without
luxuries, to see that the ships,
guns, tanks, planes, all the in-
numerable necessities of war,
go forward incessantly and in-
creasingly for the fighting
man's use. There is no harm in
hoping for a one-year road to
victory. There is great danger
in preparing for any such short

cut. We have to be ready, mil-
itarily, and in our minds, for
as many years as it will take.
We must continue to plan our
war not one year but two years
and three years and even more
ahead. Let us not deceive our-
selves—our enemies are plann-
ing. They have too much at
stake to permit an easy victory.

It is natural to draw a breath
of relief, to relax. We cannot
afford to indulge that impulse.
We can shorten this war only
by unrelenting effort. We must
work and sacrifice as desperat-
ely as though the enemy were
advancing on every front. To
the civilian population it can
be said, in sober truth, the
more sweat now the less of
blood and tears in the future.
As President Roosevelt declared
last week, "There can be no
coasting to victory."

EARLY CHRISTMAS MAIL- ING A PATRIOTIC DUTY

Postal Service faces a sup-
reme testing in Canada this
Christmas. As the "peak" sea-
son draws nigh the mail vol-
ume, which is rapidly rising in
every Post Office, will reach
flood proportions. This year the
Post Office is preparing for the
most hectic rush season in its
entire history. It is laying its
plans to prevent the flood of
mail getting beyond control
and the Postal Service being
overwhelmed by letters, cards,
parcels, papers and magazines
pouring in at the last minute
for local delivery.

Today Canada's Postmaster
General, Hon. William L. Mu-
dock, K.C., M.P., appealed to the
public for their utmost co-op-
eration in "Early Mailing" which
he stated is an absolute neces-
sity if delivery is to be made
in time for Christmas. He ur-
ged every citizen to pay full
heed to the Post Office's cau-
tion that all mail for local de-
livery should be posted before
December 20—the earlier the
better—and that proportionate
allowance should be made for
mail addressed to out-of-town
destinations.

"Mail Early" this Christmas
is more than a slogan. It is an
absolute necessity. The impact
of war conditions upon Postal
Service has been terrific. The
volume of mails, which last
year reached all-time propor-
tions, still continues to increase
and will surpass all previous
records this Christmas. An in-
dication of what can be ex-
pected when the local rush be-
gins was given during the re-
cent despatch overseas of the
Christmas mail to the Armed
Services when over four times
greater volume was handled
than during the same period in
1941.

A huge quantity of Christ-
mas domestic mail must be
handled in a very limited pre-
Christmas period and to com-
plicate the task of the Post
Office is the fact that this year
more than before, at many places
there is a shortage of skilled
staff, due to enlistments. Man-
power is scarce and even High
School students will be employ-
ed to help during the rush pe-
riod.

Difficulties are increased also
by lack of transportation fac-
ilities as an acute shortage of
space for mail exists on the
railways as well as on ships.
Everybody wants to get their
gifts or greetings in time for
Christmas and by mailing early
you can help your postal of-
ficials give you better mail ser-
vice.

Last year in many places the
mailing public failed to respond
to postal appeals to mail in
time and the result was that on
the last day or two before Chris-
tmas, Post Offices were al-
most swamped in a last minute
deluge of gifts and greetings.
It was physically impossible,
even with the added temporary
help to segregate, sort and de-
liver all mail by Christmas Day
—many homes received their
Christmas Good Wishes on the
27th and 28th of December. Cit-
izens are asked to co-operate in
preventing a recurrence by
mailing early—not later than
December 20, for local delivery.

HOTEL YORK
CALGARY
ALSO OPERATING
HOTEL ST. REGIS
RATES FROM \$1.25 — WEEKLY AND MONTHLY RATES

EFFECTIVE NOW

Prices of
TEA, COFFEE
AND
ORANGES
are reduced by law!

This action is taken in line with the Government's declared determi-
nation to stabilize living costs on a basis that is fair to all. It is
a developing attack on the menace of inflation which arises out of
wartime conditions. The prices of tea, coffee and oranges are now
lowered by official order. Plans for reduction in the price of milk to
the consumer are also under way and will be announced in the near
future. The items chosen have been selected because of their
important place in the weekly budget of every home in Canada.

TEA and COFFEE Effective now—the retail price of tea is
reduced by 10c per pound and the retail price of coffee by 4c per
pound below the recent lawful ceiling prices.

The table below indicates how the reduction of 10c per pound
applies to less-than-pound packages; and is for purposes of
illustration only.

Tea formerly selling by the pound at	\$1.00	90c	85c
Must now sell at			
per pound	90c	80c	75c
per 1-2 pound	45c	40c	38c
per 1-4 pound	24c	22c	21c
per 1-8 pound	13c	12c	11c

BULK TEA

The reduction in the maximum retail prices of bulk tea sold in
quantities less than a pound should correspond to the reduction in
retail prices for the small sizes of packaged tea.

TEA BAGS

Reductions in retail prices of tea packaged in tea bags must
correspond to those made on packaged tea.

ORANGES Oranges must be reduced to give consumers the
benefit of the reduction in cost to retailers brought about by lower
prices for the new crop, by seasonal removal of import duty (effective
December 1st, this year) and by the removal of the War
Exchange Tax. Oranges should sell at or below the September-
October 1941 retail price levels.

**BE SURE THAT YOU GET THE FULL
BENEFIT OF THESE REDUCTIONS**

SPECIAL NOTICE TO RETAILERS:

Retailers will be compensated for any loss on present stocks—in order
that these reductions may be enjoyed by the public immediately. Retailers
should take inventory of their floor stocks of tea and coffee as of the
close of business, Saturday, December 5th. They will shortly receive forms
upon which to make their claims for compensation for losses on inventory
due to these price reductions.

WEEKLY LETTER

FEEDING FOR MILK

The number of enquiries that recently have been received by the Lethbridge Station indicate that quite a number of the farmers of Southern Alberta are in some doubt regarding the proper feeding of their dairy cows. Therefore, it may be of some interest and value to point out a few factors that require consideration.

Farmers in the irrigated districts, where good quality alfalfa hay is available, are in a fortunate position for they do not require any purchased protein supplement to obtain a well balanced ration for cows of average to good production. Alfalfa hay fed in the amounts that the cows will readily consume, plus a mixture of farm grown grains, provides a ration that will meet all the normal

requirements of the producing cow with the exception of minerals.

Cows, that are receiving a liberal amount of good quality alfalfa hay, usually will maintain condition and produce up to 15 pounds of milk per day without any grain. However, where production is greater than 15 pounds per day, or if the cows are in thin condition, grain should be fed.

The generally accepted standard of feeding is one pound of grain mixture for every two and one half pounds of milk produced above 15 pounds. The grain mixture can be made up of farm grown grains such as oats and barley, oats & wheat or a mixture of all three grains. The proportions of the different grains may be altered to suit the available supply but preferably oats should constitute not less than one-third of the mixture.

Farmers in the non-irrigated

area usually are in a less favourable position as they do not have available good quality legume hay. When a non-legume is used as roughage, it is necessary to add a high protein supplement to the grain ration to balance it properly. In Western Canada the two common supplements are wheat bran and linseed oil meal. Linseed meal contains approximately 35 per cent protein and bran about 14 per cent so the relative economy of the two feeds should be based on the cost in terms of protein.

If a grain mixture of oats, barley and wheat were used with a non-legume roughage such as oat sheaves, it would be necessary to mix 10 pounds of linseed oil meal with 90 lbs of grain to raise the protein content of the whole ration to the desired level. With bran it would be necessary to use about 22 pounds to 78 pounds of grain. Many farmers may feel that they are not justified in purchasing these supplements at their present prices in relation to grain. On the other hand it should be remembered that unless each cow produces somewhere near its maximum, the value of the feed required to maintain a greater number of cows may be greater than the cost of the supplemental feeds.

Other pointers will be provided in next week's letter.

The Recorder

"World Traveller at 21"

He could tell you how Italian tanks scattered in Libya; how Sicily looked by the light of flare bombs; how the Huns ducked for cover in a half-dozen European countries. He's a member of an R.C.A.F. air crew—those much travelled "fighting comrades of the skies."

Trained in Canada—R.C.A.F. air crews take the world in their stride. Smooth-working attack teams—bomber and fighter pilots, Navigators, Bombers, Gunners, Wireless Operators—ready for action on any front. They seek out and destroy the foe wherever he can be found. After victory these keen young Canadians will lead the way to a bright new world. Our future is in their hands. Their future is in the skies.

Young men with a taste for adventure—and a yen to pin Hitler's ears back—have a new career awaiting them in R.C.A.F. air crews. R.C.A.F. training in Canada is expanding steadily. More planes, more schools, more instructors are now available. At present applications are being accepted for air crew at R.C.A.F. Recruiting Centres throughout Canada.

If you are physically fit, mentally alert, over 17½ and not yet 33, you are eligible. If you are over 33, but have exceptional qualifications, you may still be considered. Lack of formal education is no longer a bar to enlistment.

WOMEN TOO—join "that men may fly." Canadian women fill vital jobs in the R.C.A.F. Women's Division, releasing men for our crew duties. Recruits are needed, age 18 to 40, physically fit, with at least High School entrance. Many useful and fascinating jobs await you. No experience needed. The Air Force will train you quickly to take your place with Canada's airwomen. Full information at any R.C.A.F. Recruiting Centre or write address below for booklet.

Mrs. G. T. McGilvary and children Gerald and Jean returned to Calgary Tuesday morning after spending a week with her parents Mr. and Mrs. E. Hancock.

A.M.A. OFFICES GIVE DATA ON PROVINCE

Alberta is already proving of interest to visitors who are making plans for after the war.

Offices of the Alberta Motor Association report that numerous inquiries have been received from U.S. army and engineer members, besides members of U.S. civilian bodies, seeking full data concerning the province. Many sought data on the available lands, roads, hunting and fishing & other sports with the purpose of settling here or along the Alaska highway.

Thus, it is evident that the foundations are being laid now for an after the war rush to Alberta, though which traffic will move to reach the new U.S. highway to Alaska that was opened November 20.

The provincial governments' publicity department has stated that since June, nearly 1,000 inquiries have been received from all parts of the U.S. for general data, booklets, maps and other material concerning Alberta.

The applications made to A.M.A. offices again demonstrated the part this organization is playing in developing Alberta's tourist assets. No doubt Alberta will attract fresh thousands and call for a major post-war building program, all justifying the A.M.A. proposal that surplus provincial funds should be available for road improvements after the war.

Mr. and Mrs. Moses Fromm were in Calgary on business Friday and Saturday of last week.

Now is the TIME to Make Your CHRISTMAS
